ACCESSIBILITY NOTICE SIGN

Live Captions Are Available Here

Follow spoken words in real time on our display screen or on your own phone, tablet, or laptop.

We use Zip Captions to provide free, real-time live captioning. You can read captions comfortably from your seat using any web browser with no app installation or account sign-up needed.

How to Read Live Captions on Your Device

1. Connect your phone, tablet, or laptop to Wi-Fi or mobile data.
2. Scan the QR code above or open your web browser and go to https://zipcaptions.app.
3. Enter the Broadcast Room Code shown in the box above to view live captions.
4. Adjust your text size, switch to the Lexend font, or pick high-contrast colors to suit your eyes.

Privacy and Comfort

* Please silence your phone ringer and notifications so others are not disturbed.
* Zip Captions processes speech transiently in the browser and does not store conversations on external servers.
