CC Zip Captions

Parent-Teacher Conferences: Live Captions & Translation Available

We want every family to feel welcome and clearly understood during today's meeting.

MEETING ROOM BROADCAST CODE (OPTIONAL)

`https://zipcaptions.app/stream/...`

If you prefer to read live captions of our conversation, or if you would like to view live translated captions on screen, please let the teacher know. We can turn on Zip Captions in seconds.

HOW THIS SUPPORTS OUR CONVERSATION

- Real-Time Speech to Text: Spoken words appear immediately on the laptop or tablet screen on our table.
- On-Device Translation in Chrome: Captions can be translated live into multiple languages at zero cost.
- Complete Privacy: Our conversation is processed transiently in the browser and is never saved on external servers.
- Clean Slate: As soon as our meeting ends, the browser tab is refreshed and all text is cleared.

IMPORTANT NOTE

Automated captions and translation are provided as a helpful visual aid for everyday school communication. You can also request an official school district interpreter whenever needed.
