CC Zip Captions

CLINIC CONSULTATION & EXAM ROOM SIGN

Clear Communication: Live Screen Captions Available

Follow your appointment in real time with large, easy-to-read live captions.

HOW YOUR PRIVACY IS PROTECTED IN THIS ROOM

1. Live Speech Only

Spoken words turn into live text right on screen

-->

2. Local Browser Memory

Zero external cloud storage or audio recording

-->

3. Erased After Visit

Closing or refreshing the tab clears all text

WHAT YOU SHOULD KNOW ABOUT PRIVACY & COMFORT

No Recording or Storage

Zip Captions processes speech transiently and holds text only in local browser memory during your conversation.

Erased Before You Leave

When the browser tab is closed or refreshed at the end of your visit, the transcript is permanently gone.

Easy-to-Read Display

Ask your clinician to increase the font size or switch to high-contrast mode at any time.

Bring a Family Member or Caregiver

You can also view the captions on a second tablet or smartphone in the room.

CLINICAL COMMUNICATION STANDARDS

Automated speech-to-text supports clear everyday conversation and does not replace certified medical interpreters when required.
